

THE IDEAL INTERIOR SHADE TO FILTER NATURAL LIGHT

Roller Shade with Curved Fascia

with MASTERSHADE® INTERIOR SCREENS

The MASTERSHADE® ISC Interior screen system from Sunair® is the perfect solution for maintaining shade and comfort in your home or office. The ISC Mastershade® dramatically decreases heat and glare caused by the sun. Our screens are the ideal solution for solar protection, shading, or total black out by controlling or blocking the sunlight that penetrates your windows and doors. Our shades also protect your furniture, curtains, and floor coverings! Imagine sitting at your computer or watching TV without being disturbed by too much sunlight and still having a view of the outside. The Mastershade® is available in hundreds of fabric colors and is operated either by a motor or manual controls.

www.sunairawnings.com

Enjoy the sun when you want it and shade when you need it with the Mastershade® ISC Interior screen system. Our screens will significantly reduce indoor temperature while lowering cooling costs by blocking the sun's rays. Depending on the type of fabric used and size of the window, you may realize a reduction in air-conditioning costs. Sunair® has three ISC Screen models to fit your needs, depending on the size of the window.

ISC6000 with Pull Chain

ISC6500 Duo Shade with Pull Chain

ISC6000 & 6500

Max width 12 ft.
Max drop 14 ft.

ISC7000

Max width 14 ft. / 40 ft.
Max drop 14 ft.

Note: Max drop depends on size for all models above. Wider widths are available for the ISC7000 with split.s

Shade is partially extended down

SOMFY MOTORS feature either a standard wall switch or an integrated radio receiver that allows you to operate the shade by remote. The optional "Chronis-Lite" sun sensor will lower the shades automatically when shade is needed.

- E screen** 5 & 10% open
- M screen** 3 & 5 % open
- T screen** 1 & 5 % open
- Obion screen** Semi Translucent
- Flocke screen** Blackout

SUNAIR® only offers the best mesh for your screen. There are different mesh fabrics available offering both exceptional transparency and sun blocking capabilities. Our mesh patterns vary from 1 – 10% open, to completely opaque for room darkening purposes. **Ask your SUNAIR® dealer which mesh fabric is best for your application.**
